This formulary was updated on 12/01/2025. For more recent information or other questions, please contact EmblemHealth PDP Customer Service at **833-998-5351** (TTY users should call **711**), 24 hours a day 7 days a week, or visit **emblemhealth.com/medicare**.

List of Covered Drugs for:

- EmblemHealth National Drug Plan (PDP)
- EmblemHealth City of New York GHI Enhanced (PDP)
- EmblemHealth City of New York GHI Standard (PDP)

Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this Drug List (formulary) refers to “we,” “us,” or “our,” it means Health Insurance Plan of Greater New York (HIP). When it refers to “plan” or “our plan,” it means EmblemHealth Prescription Drug Plan (PDP).

This document includes a Drug List (formulary) for our plan, which is current as of 12/01/2025. For an updated Drug List (formulary), please contact us. Our contact information, along with the date we last updated the Drug List (formulary), appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on Jan. 1, 2027, and from time to time during the year.

What is the EmblemHealth Medicare Prescription Drug Plan (PDP) formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by our plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Our plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the formulary change?

Most changes in drug coverage happen on January 1, but our plan may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here:

emblemhealth.com/medicare.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand-name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions. We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar version of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription).

Y0026_205574_C

12/01/2025

If you are currently taking the brand-name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.

If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information, see the section below titled “How do I request an exception to the EmblemHealth Prescription Drug Plan (PDP) formulary?”.

Some of these drug types may be new to you. For more information, see the section below titled “What are original biological products and how are they related to biosimilars?”

- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for any safety or effectiveness reasons we may immediately remove the drug from our formulary and later provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may remove a brand name drug from the formulary when adding a generic equivalent or remove an original biological product when adding a biosimilar. We may also apply new restrictions to the brand name drug or original biological product, or move it to a different cost-sharing tier, or both. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization and/or quantity limits on a drug, or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 30 day supply of the drug and notice of the change.

If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the EmblemHealth Prescription Drug Plan (PDP) formulary?”.

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce

coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 12/01/2025. To get updated information about the drugs covered by our plan, please contact us. Our contact information appears on the front and back cover pages.

Note: In the event of a mid-year, non-maintenance formulary change, the change is added to a comprehensive list of changes that have been made since the formulary was printed. The list of changes is included with the formulary booklet that is available online. New members receive a notice in the welcome kit with information on how to access the formulary or how to request one. Existing members can view the updated formulary by visiting us on the web at emblemhealth.com/medicare. The formulary that is posted on our website is updated.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Hypertensive/Lipids.” If you know what your drug is used for, look for the category name in the list that begins on page 1. Then, look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your Part D drug in the Index at the back of this formulary. The Index provides an alphabetical list of all Part D drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Our plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand-name drugs. There are generic drug substitutes available for many brand

name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

- For discussion of drug types, please see the Evidence of Coverage, Chapter 5 Section 3.1, “The ‘Drug List’ tells which Part D drugs are covered.”

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** Our plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from our plan before you fill your prescriptions. If you don’t get approval, our plan may not cover the drug.
- **Quantity Limits:** For certain drugs, our plan limits the amount of the drug that we will cover. For example, our plan provides 30 tablets per prescription for JANUVIA®. This may be in addition to a standard one-month or three-month supply.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask our plan to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, “How do I request an exception to the EmblemHealth Prescription Drug Plan (PDP) Formulary?” on page v for information about how to request an exception.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Customer Service and ask if your drug is covered.

If you learn that our plan does not cover your drug, you have two options:

- You can ask Customer Service for a list of similar drugs that are covered by our plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered by our plan.
- You can ask us to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to EmblemHealth Prescription Drug Plan (PDP) formulary?

You can ask our plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to waive a coverage restriction including prior authorization or a quantity limit on your drug. For example, for certain drugs, our plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.
- You can ask us to cover a formulary drug at a lower cost-sharing level, unless the drug is on the specialty tier. If approved, this would lower the amount you must pay for your drug.

Generally, our plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restriction would not be as effective for you and/or would cause you to have adverse effects.

You or your prescriber should contact us to ask for a tiering, or formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

If you are a current member in our plan and you experience a change in the level of care, such as an admission or discharge from the long-term care facility, we will provide you with one-time temporary supply of your medications, as needed, to assist with your transition to the new level of care.

EmblemHealth Prescription Drug Plan (PDP) formulary

The formulary that begins on page 1 provides coverage information about the drugs covered by our plan. If you have trouble finding your Part D drug in the list, turn to the Index at the back of this formulary.

The first column of the chart lists the drug name. Brand-name drugs are capitalized (e.g., SYNTHROID) and generic drugs are listed in lower-case italics (e.g., *levothyroxine*).

The information in the Requirements/Limits column tells you if our plan has any special requirements for coverage of your drug.

Below is a list of abbreviations that may appear on the following pages in the Requirements/Limits column that tells you if there are any special requirements for coverage of your drug.

List of Abbreviations

BD: Drugs that may be covered under Medicare Part B or Part D depending on the circumstance. These drugs require prior authorization to determine coverage under Part B or Part D. Information may need to be provided that describes the use or the place where the drug is received to determine coverage.

PA: Prior Authorization.

QL: Quantity Limits.

#: High Risk Medication (HRM). Medicine that may be unsafe in patients greater than 65 years of age. Our formulary does include coverage for some of these drugs, but alternatives may be found in lower co-pay tiers. Please discuss with your doctor if there are alternatives to these medications that would be appropriate for you to use.

***:** Limited Distribution Drug. This prescription may be available only at certain pharmacies. For more information consult your Pharmacy Directory or call PDP Customer Services at **833-998-5351**. TTY users please call **711**. We are open 24 hours a day, seven days a week or visit **emblemhealth.com/medicare**.

†: Split fill indicated drug. This high-cost medication is indicated with a cross (†) for you to request a 2-week supply (partial fill) of medication versus a full month. This partial fill may allow for copay savings if the medicine causes severe side effects, and you stop taking it or have a dosage change. If there are no side effects, you may only pay the rest of your monthly copay when you pick up the remaining 2-week supply, if applicable

+: The vaccine is provided to adults at no cost when used based on recommendations by the Centers for Disease Control and Preventions (CDC) Advisory Committee on Immunization Practices (ACIP).

Please refer to the below for information about the different tier levels listed in this formulary:

Copay Tier-Type of drug	Includes
Tier 1- Generic	Lowest-cost tier. Most generic drugs on the formulary are included in this tier.
Tier 2 – Preferred Brand	This tier contains a combination of preferred brand drugs and certain generics.
Tier 3 – Non-Preferred Drug	This is your higher-cost tier and includes non-preferred generic and brand drugs.
Tier 4- Specialty Tier	Specialty drugs are generally the highest cost prescription drugs that may require special handling and may be brand or generic.

Please refer to your plan Benefit Summary about how the plan’s cost-sharing relates to the different tier levels listed in this formulary for a one-month supply of a drug. If you are eligible for “Extra Help” or “Low-Income Subsidy” (LIS), some of the information in these tables about the cost of Part D prescription drugs may not apply to you. We will send you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (LIS rider), which tells you about your drug coverage. If you don’t have this insert, please call Customer Service at the numbers listed above and ask for the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (LIS rider).

We offer additional coverage of some prescription drugs (enhanced drug coverage) not normally covered in a Medicare prescription drug plan. These drugs are listed after this introduction. The amount you pay for these drugs doesn’t count towards qualifying you for the Catastrophic Coverage Stage. If you get Extra Help from Medicare to pay for your prescriptions, Extra Help won’t pay for drugs that aren’t normally covered.

Please Note: Employer Group Waiver Plan (EGWP) please refer to your Cost Sharing Guide or contact Customer Service for benefit details and cost sharing amounts.

NOTICE OF NONDISCRIMINATION POLICY

Discrimination is Against the Law

EmblemHealth complies with Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex characteristics, including intersex traits; pregnancy or related conditions; sexual orientation; gender identity, and sex stereotypes. EmblemHealth does not exclude people or treat them less favorably because of race, color, national origin, age, disability, or sex.

EmblemHealth:

- Provides people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as:
 - Qualified sign language interpreters.
 - Written information in other formats (large print, audio, accessible electronic formats, and other formats).
- Provides free language assistance services to people whose primary language is not English, which may include:
 - Qualified interpreters.
 - Information written in other languages.

If you need reasonable modifications, appropriate auxiliary aids and services, or language assistance services contact the Civil Rights Coordinator by calling Medicare Connect Concierge at **877-344-7364** (TTY: **711**; Oct. 1 through March 31: 8 a.m. to 8 p.m., seven days a week; April 1 through Sept. 30: 8 a.m. to 8 p.m., Monday through Saturday).

If you believe that EmblemHealth has failed to provide these services or discriminated in another way based on race, color, national origin, age, disability, or sex, you can file a grievance with the Civil Rights Coordinator by writing to the EmblemHealth Grievance and Appeals Department, P.O. Box 2807, New York, NY 10116-2807; faxing them at **866-854-2763**; or calling Medicare Connect Concierge at **877-344-7364**. (Dial **711** for TTY services.) You can file a grievance in person, by mail, by fax, or through your secure member portal. If you need help filing a grievance, EmblemHealth's Grievance and Appeals Department is available to help you. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at **ocrportal.hhs.gov/ocr/portal/lobby.jsf** or by mail or phone at: **U.S. Department of Health and Human Services, 200 Independence Avenue SW, Room 509F, HHH Building, Washington, DC 20201; 800-368-1019 (TTY: 800-537-7697)**.
